Gentlemen:

Being interested in the collection of coins would appreciate being advised the name and address of some publication in the interest of numismatists. I enclose stamped return envelope for a reply and thank you for your kindness in this matter.

Yours truly,

Edwin H. Krause.

Dear Sir:

I have your letter of January 19th. Do you know of The Numismatist? This is a monthly periodical published by the American Numismatic Association, the subscription for which is \$1.50 annually. I rather imagine you must know of this. Our Society is publishing a series of monographs on matters of numismatic interest but this is hardly a periodical.

Associate Membership in our Society is but \$5.00 a year and would entitle you to all our publications and to the right to subscribe for such medals as we may issue. I am enclosing an application card, which should you see your way clear to sign and return, would be presented at the next meeting of our Council.

Very truly yours,

Secretary
